

Robert Peels them off

Bob's 'Cole' Jaws for holding the rims of bowls. Please turn over to see front.

Last month saw young Bob tackling bowl turning, his first demonstration ever.

A splendid job he made of it too, albeit with some brevity (most unusual as you can normally hear him chatting away to all and sundry during demonstrations!!!).

I for one, was very surprised to learn that Bob just uses scrapers to turn the outside of bowls. It certainly worked however and the shavings were flying off.

Contentiously, Bob 'makes to a price' and if the inside shows slight scratching then sobeit, "it still sells and that's what counts". You can't argue with that.

Some of our more intrepid members ventured forth recently to watch a demonstration by Carlyn Lindsay (at AWGB Kent).

Carlyn specialises in laminated turnings. She prefers to use contrasting laminates to enhance sycamore, in the main.

A stunning effect is achieved but it needs a fair bit of forward planning. Worth a try? - Go on, give it a go.

Members' Work

You will no doubt remember that Arthur Collyer recently resigned from the club due to long term illness. He has kindly donated his lathe (and tools) to the club. It is a Multico with a 4' bed. A solid machine on a solid bench. It is too large for the club to keep as we do not have the storage. If interested please contact Maggie. Its sale will be discussed on Sunday.

For Sale: Brand new 'Nutool' lathe, still in box (been there since 1993 but never used). Ideal starting lathe for a beginner. £50. Contact Brian Pope — 01424 441920

Do you want some big pieces of Leylandii (up to 3' diameter)?

If so, contact Mr & Mrs Woodhouse — 01435 812233
