“A very good standard once more” said Maggie our Chairman. For such a small club, we certainly do have high standards. Various pieces submitted will no doubt be taken to The AWGB International Seminar next Weekend at Loughborough. “I will not comment on the numbers but will leave that to Mick, our Competition Secretary” she added.

Once again we had a splendid feast, thanks to all for their efforts and contributions.

Competition Secretary ‘had a word’.

Mick gave his views, in no uncertain terms, on the number of entries submitted for this summer’s competition. We had only three entries in the Novices’, five in the Intermediate and seven in the Advanced.

“If we have twenty members in the Novice Section, why only three entries” he asked. If it were not for two late entries, there would have been a single entry!!! Shame.

Well done lads (or not, if you prefer it rare).

West End Gridlocked

The traffic around Westminster Bridge ground to a halt this week when a lorry, bound for Loughborough, got stuck between The Houses of Parliament and Westminster Tube Station. The cargo was a large piece of timber labelled 'Big is Beautiful'

Advice from a Tree

Stand tall and proud.
Remember your roots.
Reflect the light of
your true nature.
Drink plenty of water
and enjoy the view.
